One car is stolen every 45 minutes in Malaysia

Get **STAR** Protected

A proven system accepted by most insurance companies in Malaysia

Security. Tracking. Assistance. Recovery

Security & Tracking

Stay connected with your vehicle with advanced technologies & be alerted to suspicious activities

GPS/GSM Tracking with RF

High accuracy GPS/GSM tracking. Short-range Radio Frequency (RF) tracking in poor GPS signal areas like underground car parks and outside GSM networks.

Multiple Vehicle Tracking. Historic Trip Replays

Keep track of your loved ones, and of multiple vehicles, on the same screen. Review your vehicle movements and driver safety score anywhere, anytime.

Geo Zones & Time Rules

Know when your vehicle reaches / leaves a destination or when it drives during specific times.

Driver Identification Tag x2 (optional accessory)

Be alerted when your vehicle is driven away without a valid Driver Identification Tag.

Battery Low and Power Disconnect

Be notified when your system has been disconnected or when the vehicle battery is low / disconnected.

Connected Vehicle

Assistance & Recovery

Our 24 hr Command Center shall assist you in recovering your stolen vehicle and coordinate towing and ambulance assistance for accidents.

SOS Phone Call

Call for assistance directly from the StarDrive Phone App.

24 hour Accident Assist

Receive a call when accidents are detected. Our 24 hr Command Center will assist you in coordinating towing and ambulance services to your location.

24 hour Stolen Vehicle Recovery Services

In the event of theft, feel safer knowing that you are assisted by a dedicated Command Center & Recovery Team.

Driver Safety Alerts

Set and receive Push and Email notifications to your hand phone

Driver Safety Alerts

Receive notifications for Speeding, Harsh Braking, Hard Cornering, Hard Acceleration, Geo Zones, Time Rules and Rapid Lane Change.

Accident Impact Detection Alert

Receive phone and email alerts when a significant accident impact is detected. Nominate up to 5 persons for email notification.

Service Due Reminder

Set reminders for your next vehicle service and license renewal.

Driver Safety Score

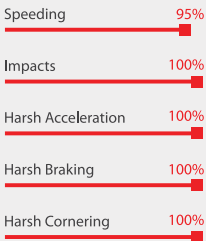

80% of traffic accidents can be avoided with safer driving

Review your Driver Safety Score from your phone and uncover how you can score as a safer driver. A higher safety score reduces your chances of a traffic accident, keeping you and your loved ones safer.

Safer Drive, Safer You

Safety Score

98.8

 **Impact**
Avoid accidents

 **Braking**
Slow down & brake gradually

 **Speeding**
Stay below road speed limit

 **Cornering**
Take corners slowly

 **1 Acceleration**
Accelerate smoothly

Experience the App!

Download the **CAPTOR StarDrive App** and see how it all works in our demonstration account.
